2) I think the Senior Surgeon's attention may be drawn to the fact that in the K. Hospital the Sisters of Charity have been brought in the regular Nursing cadre & enquire whether similarly he cannot secure the services of similar sisters of charity for the V. Hospital if there are vacancies in the regular nursing staff already sanctioned without add expense.

The Chief Secretary to the Government of
H. H. the Maharaja of Mysore,
Bangalore.

Sir,

In forwarding herewith a copy of my letter No.107, dated, 28th July 1920, as Medical Officer, Victoria Hospital, addressed to the Senior Surgeon, recommending the entertainment of two sisters of charity on the Nursing establishment of the Victoria Hospital, at a cost of Rs. 165 per mensem or Rs. 1980 per annum, I have the honour to state that the proposal is based on the experience gained in the Krishnarajendra Hospital, Mysore, and the Bowring Hospital, Bangalore, and is made in the interests of the efficiency of the dieting and linen departments of the Victoria Hospitals, which at present are far from satisfactory. I am convinced that the two hands will have more than enough work for them and it is not possible to curtail expenditure in the institution in any other directions to meet even a portion of the extra cost of Rs. 1980 per annum involved, which may therefore be met from the lump sum provision made under "New Dispensaries" in the current year's budget.

I have the honour to be,
Sir,
Your most obedient servant,

H.B. Mylvaganam

Ag. Senior Surgeon.

SSR-BVA.

Letter No.107 dated 13/28th July 1920 from the Medical Officer in charge, Victoria Hospital, Bangalore, to the Senior Surgeon with the Government or Mysore, Bangalore.

I have the honour to bring to your notice that the present system of supervising the cooking arrangement of this Hospital is not at all satisfactory. It is not possible for the Steward and the Assistant Steward to attend to this work in addition to several duties they have to perform.

2. The Steward has to attend to correspondence, checking of accounts, and to general supervision of the Hospital and many other petty duties which are too numerous to mention.

3. The Assistant Steward has to compile the different items of diets and extras from the bed head tickets and work out the various ingredients for the four kitchens and maintain the registers and accounts connected with them. He has to go round the wards twice daily with the cooks to see to the correct distribution of diets to the patients. All these take time.

4. Their hours of attendance are from 7-30 A.M. to 8 or 9 P.M. daily with two hours recess for their meals during the day and they cannot avail themselves of the Government and other holidays which the officials of other Government Departments enjoy.

5. In big Hospitals such as Madras General Hospital etc., there are kitchen stewards who do the direct supervision of the kitchens and distribution of diets to the patients.

6. In Krishnarajendra Hospital, Mysore, and in Bowring Hospital, Bangalore, Roman Catholic Sisters are employed to do this work.

7. The Steward and the Assistant Steward have hardly any

time to supervise the milking of the cows and the cooking of the food to the patients as expected of them in order to avoid the pilfering of the articles of diet by the servants.

8. I beg to suggest in the interest of the institution that two Roman Catholic Sisters be engaged to attend to this duty. I am quite aware that this system has worked very satisfactorily in the past at Mysore. These sisters are very conscientious and most reliable. It is a work of love with them.

9. They could also attend to the linen of this Hospital and relieve the Matron from that duty.

Sir;

With reference to your No. G. 14087/ Med 85-20-2, dated, 29th January 1921, I have the honour to state that-nurses in the Victoria Hospital have quite sufficient work to do and whose number it is not possible to reduce without reducing the efficiency of the nursing of the patients.

The Sisters asked for now are mainly intended for - the better supervision of the dieting arrangements and the linen department which need undivided attention of two -- separate hands.

Under the circumstances, I request that sanction -- may be kindly accorded to employ the two new hands asked for, as an addition to the present establishment.

I have the honour to be,

Sir,

Your most obedient servant
